Party). A preliminary distribution was covertly made to certain Alexandria University students on 30 April and the rest were handed out at the University on 2 May 1953. The pamphlet was signed "The Free Democrats for National Liberation."

2. A translation of the pamphlet is as follows:

"Negotiations - Path to Treachery"

"Citizens,

"The negotiations have started and Najib went on following the same steps which had formerly been taken by the Saadist, Constitutionalist, and Wardist Parties until the month of October 1951, and adopting the same procedure taken by the traitors Sidqi, Mukrashi, and Hilali. He neglected and threw aside the means for which we have called, and in which all the people have faith, i.e., the blood-thirsty armed struggle which is the only language that imperialism understands.

"Amid chaos of false declarations and weak, despised, comic representations in the form of "military training," the factions, which have imposed themselves as representatives of the Egyptian nation, meet with the body of imperialism to strike a bargain about our rights and liberties.

"The alleged revolutionists travel far and wide throughout the country making declarations against the imperialists and against military agreements while, at the same time, they conspire with the Americanized Arabs such as Faysal, Sham'un, and the little dictator Shishakli, to tempt us by a new name-carrying despised object, i.e., "pact of security among the Arab nations" which is nothing but hitching us to the wheel of the hostile capitalist camp.

-2-

"Any pact with the Arabs, who are infected with imposed imperialism, is a service to imperialism and against the interests of nations - no matter how those Americanized people try to impose it upon us to present it as a gift to the new visitor, Mr. Foster Dollar (deliberate corruption of the correct name), the American Foreign Minister and well-known blood-thirster of Korea.

"Our nation that has seen how the so-called "protectors of the constitution" have ruined it, and how the pretenders of freedom became themselves jailers, will also understand that the term "Evacuation or Death" means nothing, on their part, except arriving at an imperialist agreement binding us to the War and Ruin Camp.

"But this nation which has already smashed the previous negotiations and refused stubbornly all Mutual Defense schemes will, under the leadership of the Working Class, smash down this new attempt.

"Down with negotiations and their members!

"Down with the Mutual Security which is the twin of Mutual Defense!

"Down with the military dictatorship which is the servant of Americans!

"Long live the popular armed struggle for expelling imperialism!"
